ENGINEERS' WOOD CONTROL "FEASIBLE PLAN" TO SERVE "A NATIONAL ASSESSMENT"

Registration Lags Books Open Until 5 P. M. Saturday

Registration in Glades Equalizes 28 Florida Counties

In 1944 there were 1911 votes cast in the Glades, there were 4746 names carried on the rolls as eligibles; so, there were 2335 dead or moved away, were indifferent to their duty.

Up to now the Glades has registered a bit more than 4000 total and they should be alive enough physically and mentally to record about a 100 per cent increase in the '44 vote. This is more likely because the books in the Glades will be kept here until 5 P. M. Saturday for the slow in spirit.

Of the 4000 registration, there are about 725 negroes, with 600 of these in Belle Glade, some 90 in South Bay, and the balance scattered throughout the Glades.

With a registration of close to 4000, estimated when the books will have closed Saturday, the Glades area of Palm Beach County will have as many or more voters than 27 of the 67 counties, and will be of sufficient size to command the attention of candidates for state offices.

With a total registration of whites of approximately 1400 in Belle Glade, and 290 in the immediate community, with the negro voters added will vote more this time than the entire Glades did in '44 and more than 60 per cent of the total Glades vote.

Consistory Reunion At Lake Worth Due In May

Officials of the Lake Worth Consistory of Scottish Rite announce that the dates for the spring reunion will be held May 22-23 and May 29-30, at which time various grades of the order will be exemplified and commended, the latter by class instructor Dr. Russell Williams. Indication is that there will be large class of candidates present to receive the Scottish Rite work.

Fishing Suits Are All Heeded For Federal Courts

John Whidden, pioneer commercial fisherman, of Clewiston, in order to get a case before the Supreme court, violated an act of the State Game and Fresh Water Commission, and was arrested. The Lake Okechobee Commercial Fisheries Corporation, at once appealed the case to the Supreme court at Tallahassee, for review, where decision was made negative to the "no penalty" law, which had not previously been heard by that court.

Now that the series of suits have been decided against the commercial fishermen, all these suits will be carried to the Federal court at New Orleans for review, with hopes that reversals might be obtained.

Second Burglary Attempt Succeeds At Coastal Office

A second attempt in two weeks, to burglarize the office of the Coastal Truck and Equipment corporation, on the Palm Beach road, was successful. Entrance was made late Saturday afternoon by a back window route. The money was broken open by means of chisels. Missing from the strong box, discovered on Monday morning, was \$100.00 in cash and \$240.00 in checks. County law officers are working on the case.

Comptroller Gay Urges That All Citizens Register

Comptroller C. M. Gay, seeking return in the May Democratic primaries to a full four year term in office, today urged every eligible citizen of Florida to register and vote, and to exercise his franchise as a patriotic duty.

The right of the voter to express his opinion is more important than ever this year, as he has ever before been declared Comptroller Gay. "Due to more rapidly changing conditions of government than any

Guy Bender Gives Caution About Fires In Grass

Waters Of Glades Area Now Mostly In Natural Confines

H. L. Speer, assistant county agent, considers that the Glades farmers have been very fortunate during the past winter, in that they have not suffered greater losses by frosts than is apparent. He states that such losses have only been nominal, but he is fearful until the next full moon period, when it has been known to bring killing and devastating frosts.

To have a frost now with the snow as far advanced as they are on a large acreage, would mean a setback that would be distinctly harmful, both to crops and pastures.

At the present stage of the spring crop situation he is deeply pleased, and with no set backs, a profitable harvest is in anticipation.

The Everglades Fire Control Districts as a result of an airplane survey, states that most of the water in the flooded area of the Glades are now mostly within normal confines, except over the area of the lake. In many sections the land is cultivated and the grass and saw grass is dry and inflammable. He cautions all who are in the woods and grass land to observe every precaution against the spread of fires.

Activities in farm and packing house circles are not very brisk at the present time, it being between crops, but another (Continued on Page 4)

Former Red Cross Executive Visits Relatives Here

The Mosses, Jack and Chester Barnes, business men of Memphis, Tenn, have concluded a pleasant visit with their brother Harry Barnes, Chester back in the 1928 post hurricane period was here in the Glades as a Red Cross supervisor, and will be remembered by many of our citizens as a most efficient official. He is now engaged in the big trucking business out of Memphis, and has just recently returned to his home in Memphis, Tenn.

Two Important Steps Have Enthusiastic Approval

The last of three history-making events in the modern evolution of the Glades to an unprejudiced position in agricultural and agro-industrial development in the United States, seems to be on its way to a realization... flood control in southeast Florida.

Lions Ladies Nite Successfully Staged

The Belle Glade Lions club, on Friday night, celebrated its annual Ladies Night function, at the Legion hall, which proved to be a delightful occasion to the 175 persons present.

River Of Grass Author Is Heard

Marjorie Stoneman Douglas, author of the book "River of Grass" was the guest speaker at the meeting of the Woman's Club Wednesday afternoon. Approximately 100 members and guests heard her review. She explained how she came to write this story as one of a series of rivers, and told of the prehistoric inhabitants in this area beginning with the year 900 A. D. Mrs. Douglas' home is in Coconut Grove, and she was accompanied by Mrs. Ellis Powers, librarian of Pompano, and Mr. and Mrs. Walter D. Gaul of Ft. Lauderdale.

As a feature of her talk, she introduced local early settlers, each giving the date of their arrival in the Glades, which included Mrs. W. R. Hooker, L. E. Will, Mrs. Allen Greer, Mrs. M. Eggleston, Mrs. J. F. Browne, Mrs. Ivan Van Horn, Mrs. R. Y. Creech, Sr., Mrs. Ross Winne, Mrs. H. J. Bradley, and Mrs. J. I. Freedlund.

During the business session it was voted to petition the City Commission to resume the DDT dusting. A study of the Bible was given by Mrs. L. E. Fallow.

Henry A. Braddock Dies In Miami

Junior Class Meeting

The Juniors met on Monday afternoon in room 3 during sixth period to discuss plans for the Junior-Senior Prom which will be held Friday, April 2nd. Plans for decorating and different themes were discussed. It was brought up that there were only about \$150 in the treasury and plans on how to make more money before the Prom were discussed. It was suggested that movies be sponsored in the gym or at the old theater some night. Kenneth Bass and Fritz Stein were appointed a committee to find out about it. Plans for a class party were discussed but nothing definite was decided.

Rambler Sponsoring

Cartoon Contest
The RAMBLER Staff is sponsoring a cartoon contest for the entire school. Anyone from the fourth through the twelfth grades is eligible to enter. All cartoons must be original and will be judged according to neatness and originality. First, second and third prizes will be awarded. The deadline is March 9th, and judges decisions are final. Turn in all cartoons to Miss Mary Alma Murphy. Some of the best cartoons will be printed in the RAMBLER and the Staff will appreciate your cooperation in entering the contest.

Random Initiation
The Rainbow Girls held an initiation Monday night at the Carpenter's Hall at seven-thirty for the purpose of initiating the following girls: Irma Sears, Betty Acker, Audrey Potter, Peggy Acker, Eva Brooks, and Kathryn Cook. Three visitors from Moore Haven who are interested in starting Rainbow over there are present. They

were also several Rainbow Girls and visitors from Pahokee. **Freshman Class Party**
The Freshman girls had a class party in the High School Gym Saturday night, February 14th. The gym was beautifully decorated in red and white with a valentine scheme carried out. Valentine games and dancing were enjoyed by the entire group. Later in the evening a mock wedding was staged at which time Kenneth Bass and Fritz Stein were the bride and groom. The bride was veiled in marriage by Preacher Alvin Leathers. The Freshman wish to thank Mr. and Mrs. E. D. Stevens, Mr. and Mrs. Leathers, Mr. and Mrs. Kirchman, and their sponsors Miss Mildred Carr, Miss Mary Alma Murphy for making their party a success. Cakes, cookies and punch were served to all.

Belle Glade Wins Over South Bay 15 to 9

Our eighth grade girls won over the South Bay eighth grade girls last week with a score of 15 to 9. These girls are really good and we certainly have a good future basketball team in them. Among the outstanding players were: Wynne Collins, Jackie Miller, and Betty Jean. Harry Stein is an exceptionally good guard and shows great promise for the future. Other players for Belle Glade were: Catherine Friedheim, Patsey Weaver, and Velma Henderson. The girls had a dance at the Country Club Wednesday night for their Juniors and Seniors and their dates. Plans taken then will be used in place of the ones that were to be taken at the Prom.

Quarterly Win Over Decettes 29-21
The local girls made a spectacular recovery from their loss to Stuart by winning over the Pahokee girls 29-21. This makes the second game our girls have won over Pahokee. Darlene Mobley is the girl's team what Harrell is to the boy's. She made 17 points. The other forwards did swell too, making an average of 3 points each.

The guards did a good job of keeping the Pahokee girls down. Kutra made the most points for Pahokee with 8. Simms and Tucker followed close with 6 points each. There were 8 points called on Pahokee and 6 fouls called on Belle Glade.

Pahokee Loses To Belle Glade

Thursday night most of you saw the exciting games between our boys and the Pahokee Blue Devils. What a game! Baskets were being made right and left for both teams. At half the score was close and continued that way throughout the game. J. J. Harrell was high point man for Belle Glade with 16 points to his credit. His spectacular long shots had a lot to do with the score at the end of the game. The rest of the team did swell for if it were not for their cooperation and sportsmanship, we could never have won. Starting for Pahokee was Johnson with 11 points and Shirley and Connell with 8 points each. There were 21 fouls called on Pahokee and 16 fouls called on Belle Glade. Pahokee made 15 goals and 9 free shots. Belle Glade made 17 field goals and 7 free shots.

Belle Glade B Team

Is Also Victorious
The B team won over Pahokee's B team 19 to 12 following the regular game last Thursday night. The boys played hard and we really have some swell future A string players. High point men for the game were Alvin Leathers with 10 points and Lewis Kelso with 5. Starring for Pahokee was Phillips with 7 points and Dickson with 5 points. There were 6 fouls called on Pahokee and 10 fouls called on Belle Glade.

Our Belle Glade High school basketball teams made a clean sweep of three basketball games with the Pahokee teams, Thursday night. The senior game was a nip and tuck contest which the Rams won 41 to 39, due to the fine work of McDonald and Harrell. The B team score was 29 to 21 and the Girl's game, 19 to 12.

The elementary schools of Palm Beach county, in which Pahokee, Belle Glade and South Bay will engage, will hold a Junior Basketball tournament in West Palm Beach, February 27 and 28.

OBSERVATION
(Continued From Page 1)
of the state. Expansions into new lines of venture will need all the farm vocational men that are available.

To see those thousands of F. F. of A. in attendance at the

Tampa fair, was an inspiration, and those boys who had displays and entered into the contest were earnest young men, bound for a profitable and busy future. Florida boys are one of its greatest assets. The sending of both boys and girls to the fair, is a project approved by the State Department of Education and Agriculture, for from such visits and contacts, a youth cannot help but get some uplifting aid for his future. They get ideas and aims in which to build up a beneficial program for the years ahead.

As one went through the utility and electric display sheds and saw the latest of equipment for home and farm, it showed the magnitude and power of man's mind, to design and produce such wonderful and useful equipment.

After a period of ten years, from visit to Tampa, shows how that west coast metropolis has grown and expanded. The residential growth in outskirts localities is almost unbelievable. Seemed strange to see the old street cars gone and slick buses now taking care of the public transportation business. Stores large and most attractive with good and reasonable priced eating places. Business good, even without the presence of the services men whose numbers are now much reduced at the bases. Tourist business reduced excellent.

You can count on Belle Glade youths find a way out of predicaments. Four of our F. F. of A. boys did not meet the bus dead line at midnight Saturday, so faced no transportation back to the camp some 15 miles away. Did they walk, not by a jugful, but they were veiled some maidens with a car to carry them back to camp.

As a result of the registration carried on in Belle Glade, it looks very much as if it would be the largest voting precinct in Palm Beach county.

Would like to have been around when some of the prime beef from the Tampa fair cattle was served. Sure would be good eating.

Inflation got a good look in the jaw the past week causing a shortage of food, in bonds and food commodities. Although in the city areas decline have been announced in food commodities, such as ham, bacon, sugar, bread, flour, fruit and beans are expected in most of the common commodities.

At one time or another most of us have upset and jittery due to over-rough work. This makes us irritable, restless and wasteful. You can't do your work well the next day and don't get the rest you need. At such times why not do as so many thousands have done for one easy remedy—

MILES NERVINE

"It's In Technicolor"

It may mean possibly two weeks before the new mark down prices will be striking the Glades, but they are coming without doubt. Housewives will gladly welcome any reductions from prices that have been prevailing for months past.

James Albert Smith, a youth from Jacksonville, now employed here, got a wallet back that he never expected to see again, in a strange manner. This wallet was stolen from his room, in January. When the body of Nathaniel McFarland was searched, after he had been killed by Sheriff Kirk, the wallet was found on his person, and it still had the lady's identification card in it. Surely as a witness described his missing property to the jury, and when it was produced as evidence, it was established beyond dispute that it was his property.

Jack Miller Again In Local Business

"Jack" Miller, who formerly operated a service station north of the Belle Glade Hotel, has taken a lease on the Bill Pierce station just north of the canal bridge, and will again become a local business man.

LIONS LADIES NITE

(Continued From Page 1)
Lions and Ladies of the Gulf Stream and South Glades clubs, and some of the members of the Lions Risk, Innes, Roberts, Lion, Rhoads, Johnson and Conwell, who are the Scout committee.

Frank Dooley, was named special ballstar for the evening, and as such he acted as the "star" master of ceremonies. He sprung a "ball blowing" contest, in which Lion Cunningham, for once, did not have wind enough to fill his special receptacle, and Ray Whitlock, setting his sack to expand.

Each man was presented a package for temporary possession, and each was introduced to his female guest, they had to hug and kiss them and this device, quite new in the technique, that brought out roars of laughter, but Dr. Buck Dickinson and Miss Cunningham easily carried off the honors. Each lady was presented a pencil and date books as souvenirs.

The great treat of the evening was the fine and scholarly address delivered by Dr. Russell Williams, who is well known to local audiences, where he has frequently spoken in the past 20 years. He chose for his subject "Home and World Friendship." As Dr. Williams in his position as a member of the Committee of One Hundred, a branch of UN, as an observer, was able to bring to many individuals that developed in that body. He held that if UN did not succeed than all of world peace would be banished. He urged strong support to this world organization.

He paid his compliments to the Lions, whom he declared to be more than potential enemies of the United States, and that our nation should be strong and stronger prepared to protect against possibilities of the future, as well as to hold the peace and support nations, and our supporting nations. He held that we as Americans must have our own national friendship, and to see that this friendship, which is developed in that order of the night. The Lions can complement themselves on this successful ladies night, arranged and carried out by its program committee.

Following the program, Doc Vandandingham's orchestra, appeared on the platform, and for several hours dancing was the order of the night. The Lions can complement themselves on this successful ladies night, arranged and carried out by its program committee.

Isotox Wettable

ISOTOX wettable contains 25 per cent of the gamma isomer of Benzene Hexachloride. This product has been in the process of development as an insecticide in field tests by the California Spray-Chemical Corporation since 1945.

The odor, and plant-burning properties of the crude BHC has been removed and ISOTOX is safe to use on most crops. ISOTOX can be used on cucumbers, squash, melons, beans, lima beans, beets and tobacco. Where it is desirable to avoid plant injury or flat contamination, which has occurred when less-refined Benzene Hexachloride insecticides have been used. Until further test work is complete do not use ISOTOX wettable on potatoes.

ISOTOX acts as a fumigant, a contact spray and a residual poison. The insecticidal residue left by ISOTOX is dissipated in a relatively short time. A Period of from three to five days before harvest is usually sufficient to avoid spray residue.

ISOTOX has been found effective against aphids, leaf miners, wireworms, cutworms, cucumber beetles, pickle worms, melon worms, thrips, armyworms, plant bugs, grasshoppers, mole crickets, flea beetle and chinch bugs.

ISOTOX can be used as a wettable spray or dust. ISOTOX is compatible with most fertilizers, and its sulphur solution and in dust formulas it is not compatible with lime or calcium arsenate.

For more information on ISOTOX or any insecticide or fungicide such as DDT, Cryolite, Lead Arsenate, Dithane or Copper, contact our store in Belle Glade.
